Instructions for preparing Form 1040

Department of the Treasury Internal Revenue Service

From the Commissioner

These instructions contain the information you need to complete Form 1040A. Before starting Form 1040A, please check to see if you should file Form 1040 instead. See pages 4 and 5 of the instructions—"Form 1040A or Form 1040?"

Generally, you can file Form 1040A if: you do not itemize deductions; all of your income is from wages, salaries, tips, and unemployment compensation; and you do not have more than \$400 of interest or \$400 of dividends. Also, your income must be \$40,000 or less if you are married filing a joint return, and \$20,000 or less otherwise.

Most of the lines on the form are the same as last year. But changes in the law caused us to add some lines and change others. So please be careful if you use last year's return as a guide.

Recent changes in the tax law, such as a decrease in the tax rates and an increase in the personal exemption from \$750 to \$1,000, have already been figured into the Tax Tables. See Highlights for 1979 on page 3 for a brief summary of this year's changes.

Some taxpayers receiving unemployment compensation may find that part or all of it is taxable. See page 11 of the instructions for further information.

There is no need for you to figure your own tax. The Internal Revenue Service will do it for you. To have the IRS figure your tax, stop after line 12a, sign and date the return, and attach your W-2 Forms. If you file on time

and you owe tax, we will bill you and give you 30 days to pay. If you have a refund coming, we will send it as quickly as if you figured the tax yourself. We will also figure your Earned Income Credit if you are eligible.

If your income is less than \$10,000, you may be able to take the Earned Income Credit. This credit may entitle you to a payment from the government even if you paid no tax. Please read page 2 of the instructions carefully.

If you are eligible for the Earned Income Credit, you may find that you can receive advance payments from your employer throughout the year. If you received advance payments in 1979, report them on line 14b of Form 1040A. If you expect to qualify for the Earned Income Credit in 1980 and want to receive advance payments, file Form W-5 with your employer.

If you need help, please call us at the number listed for your area on page 28 or 29, or visit an IRS office. If you have any suggestions for improvement of our forms or instructions, please write to us at:

> Internal Revenue Service Room 5577 1111 Constitution Avenue, N.W. Washington, DC 20224

After you complete your return, please check to make sure it is correct, sign it, and then file it early. Thank you for your cooperation.

Jerome Kurtz

Commissioner of Internal Revenue

Earned Income Credit

(If your income is less than \$10,000 and you have a child, read this page carefully.)

Note:

If you received any advance earned income credit payments, you must file a tax return. Report these payments on line 14b of Form 1040A. If you expect to answer YES to all of the questions on the right for 1980 and want to receive advance payments of the credit, file Form W-5 with your employer.

If you are not required to file a return but can claim the earned income credit, file Form 1040A to get a refund of your credit.

All you need to do is:

- 1. Fill in Form 1040A through line 11. Do not check the Presidential Election Campaign Fund box(es).
- 2. Use the Earned Income Credit Worksheet on this page to figure your credit.
- 3. Fill in Form 1040A, lines 13 and 16.
- 4. Sign and date the return.
- 5. Be sure to attach Copy B of Form(s) W-2.

If you want IRS to figure your earned income credit for you, skip instructions **2.** and **3.** above, but please provide all the other information requested.

What Does the Earned Income Credit Do?

The earned income credit helps many taxpayers who have small incomes. If you can take the earned income credit, you can subtract it from tax you owe or get a refund even if you had no tax withheld from your pay. The credit can go as high as \$500.

What Is Earned Income?

In most cases, you had earned income if you worked last year. Earned income includes:

- wages, salaries, tips, and
- anything else of value (money, goods, or services) you get from your employer for services you performed.

Note: Members of the clergy who receive a housing allowance (or rental value of a parsonage) as part of their compensation for services as an employee should include that amount on line 1 of the worksheet.

Earned income does not include items such as interest, dividends, social security payments, welfare benefits, or veterans' benefits.

Who Can't Take the Earned Income Credit?

You can't take the earned income credit if:

- 1. You are Single (Filing Status Box 1); OR
- 2. You are Married filing a separate return (Filing Status Box 3); OR
- 3. Your income is \$10,000 or more.

Γο see if you can take the Earned Income Credit, complete
Form 1040A through line 11, and answer the questions
pelow.

	Yes	No
1. Is the amount you listed on Form 1040A, line 11, less than \$10,000?		
2. Does the amount on line 11 include any wages, salaries, or other earned income?		
3. Did you have a child who lived with you in the same principal residence in the United States during 1979?	□	
4. If you checked Filing Status Box 2 on Form 1040A, did you claim your child as a dependent on Form 1040A, line 5c? OR If you checked Filing Status Box 4 on Form 1040A, and your child was married for 1979, did you claim that child as a dependent on Form 1040A, line 5c? OR If you checked Filing Status Box 4 on Form 1040A, and your child was unmarried for 1979, did you enter that child's name on Form 1040A, line 4 (or 5c if you claimed that child as a dependent)?	} 🗆	

Note: The term child includes:

- Your son or daughter.
- Your stepchild, adopted child, or a child placed with you by an authorized placement agency for legal adoption (even if the child became your stepchild or adopted child, or was placed with you during the year).
- Any other child whom you cared for as your own child for the whole year, unless the child's natural or adoptive parents provided more than half of the support for that year.

If you want IRS to figure your tax, including the Earned Income Credit, see page 12 of the instructions and do not complete the Earned Income Credit Worksheet.

If you answered NO to any question, you can't take the earned income credit. Do not fill in the worksheet.

If you answered YES to all the questions, you may be able to take the credit. Use the Earned Income Credit Worksheet to figure the amount of any credit.

Highlights for 1979 Please note these important changes for this year.

Tax Rates Have Been Decreased and Personal Exemptions Have Been Increased

For most taxpayers, the tax rates have been decreased. The deduction for personal exemptions has been increased from \$750 to \$1,000. This increase also applies to the extra exemptions for age and blindness. These changes have already been figured into the Tax Tables.

Zero Bracket Amounts and Income Levels for Filing Have Been Increased

The Zero Bracket Amounts have been increased. For those who file as Single or Head of household, the amount has been increased from \$2,200 to \$2,300. For Married taxpayers filing jointly, it has been increased from \$3,200 to \$3,400. For Married taxpayers who file separately, it has been increased from \$1,600 to \$1,700. The levels of income for which you must file a return are also higher. See "Who Must File" on this page for the new income levels.

Earned Income Credit Has Been Increased

Both the maximum amount you can earn and the maximum credit you can get have been increased. The

income ceiling for eligibility has been increased from \$8,000 to \$10,000. The credit can now go as high as \$500. For more details, see page 2.

New Advance Earned Income Credit Payments

If you received advance payments of the earned income credit from your employer, you must file a tax return even if your income was below the minimum level for your filing status. If your allowable credit is different from the advance payments you received, your tax liability will increase or decrease accordingly.

Unemployment Compensation May Be Taxable

If you received unemployment compensation payments after December 31, 1978, they may be taxable. See the instructions and worksheet on page 11 for more information.

Political Contributions

vou must file a tax return:

The limit for the credit allowed for political contributions has been doubled. For 1979 and future years, you can claim one-half of what you gave, but not more than \$50 (\$100 if you are married filing a joint return).

Who Must File a Tax Return

Your income and your filing status generally determine whether you must file a tax return.

You must file a return for 1979, even if you owe no tax:

And your income was at least:

If you were single (this also means legally separated, divorced, or married with a dependent child and living apart from your spouse for all of 1979) and:

If you were married filing a joint return and living with your spouse at the end of 1979 (or on the date your spouse died), and:

 If you were allowed to exclude income from sources within U.S. possessions 1,000

You must file a tax return for 1979 if you were self-employed and your net earnings from this work were at least \$400.

NOTE: Even if your income is less than the amounts shown,

• If you received any advance earned income credit payments from your employer during 1979.

• If you owe any taxes, such as FICA (Social Security) on tips you did not report to your employer during 1979.

These rules apply to all U.S. citizens and resident aliens, including those under 21 years of age. They also apply to those nonresident aliens and resident aliens who are married to citizens or residents of the United States at the end of 1979 and file a joint return as discussed on page 7, under Filing Status.

Different rules apply if you were a nonresident alien at any time during 1979 (unless you file a joint return as mentioned above). You may have to file Form 1040NR, U.S. Nonresident Alien Income Tax Return. Also get Publication 519, U.S. Tax Guide for Aliens.

Who Should File a Tax Return

Even if you do not have to file a tax return, you should do so if Federal income tax was withheld from your pay, or if you can take the earned income credit. In either of these cases you may be able to get money back from the government.

When to File Your Tax Return

You should file as soon as you can after January 1, but not later than **April 15, 1980.** If you file late, you may have to pay penalties and interest. Please see the instructions for **Penalties and Interest** on page 13.

Where to File

Please use the addressed envelope that came with your return. If you do not have an addressed envelope, or if you moved during the year, mail your return to the Internal Revenue Service Center for the place where you live. No street address is needed.

Here's How to Fill in Form 1040A

(Circled numbers on the sample form on page 6 are keyed to circled numbers in the explanations that follow.)

(1)

Name, Address, and Social Security Number

Please use the mailing label on the cover of the tax forms package we sent you and correct your name and address, if necessary. If the label is for a joint return and the social security numbers are not listed in the same order as the first names, show the numbers in the correct order. Also show your apartment number if you have one. If you did not receive forms with a label, print or type your name and address in the appropriate block on your return. If you file a joint return and use different last names, please separate the last names with an "and." For example: "Brown and Smith."

If your spouse is a nonresident alien, has no income, and does not have a social security number, please write "NRA" in the block for your spouse's social security number.

If your social security number is wrong on the label, or if you did not receive a label, show your correct number on your return. If you are married, please give social security numbers for both you and your spouse, whether you file joint or separate returns.

If you do not have a social security number, you should get Form SS-5 from a Social Security Administration (SSA) office, post office, or the IRS. File it with your local SSA office early enough to get your number before April 15. If you do not receive a number by then, file your return without it and write "Applied for" in the block for your social security number.

Remember to show your occupation (and that of your spouse, for a joint return) in the space in the upper right corner just below the social security number blocks.

2

Presidential Election Campaign Fund

You may have \$1 go to this fund by checking the **Yes** box. On a joint return, both of you may choose to have \$1 go to this fund, or, both may choose not to. One may choose to have \$1 go to this fund and the other may choose not to.

If you check **Yes**, it will not change the tax or refund shown on your return.

Do not claim this amount as a credit for contributions to candidates for public office on line 12a.

Boxes 1 through 4 Filing Status

Were You Single or Married?

Check only one box. Your tax rate depends on the box you check.

Filing Status Box 1

Single

This filing status applies if on December 31, 1979, you were **one** of the following:

- Not married:
- Separated from your spouse by either divorce or separate maintenance decree (You must follow State law to determine if you are divorced or legally separated.);
- A widow or widower (If your spouse died in 1979 and you had not remarried, see the instructions for Box 2. If your spouse died in 1977 or 1978 and you have a dependent child, read the filing status instructions on page 5 to see if you can file Form 1040 as a Qualifying widow(er) with dependent child and use joint tax rates to lower your tax.); **OR**
- Married and you do not file a joint return and you meet the tests under Married Persons Who Live Apart (and Abandoned Spouses), explained in the instructions for Box 3.

Filing Status Box 2

Married Filing a Joint Return (even if only one of you had income)

In most cases, married couples will pay less tax if they file a joint return. You must report all income, exemptions, and credits for you and your spouse. Both of you must sign the return, even if only one of you had income.

You and your spouse can file a joint return even if you did not live together for the whole year. Both of you are responsible for any tax due on a joint return, so if one of you does not pay, the other may have to.

If your spouse died in 1979, or in 1980 before filing a return for 1979, write in the signature area "Filing as surviving spouse." Show the date of death in the name and address space. If your spouse died in 1977 or 1978 and you have a dependent child, see the instructions on page 5 under Filing Status to see if you can file Form 1040 as a Qualifying widow(er) with dependent child.

If you decide not to file a joint return and plan to file a separate return, see if you can reduce your tax by meeting the tests described under Married Persons Who Live Apart (and Abandoned Spouses) on page 8. If you can, you should check Box 1 for Single or, if you qualify, Box 4 for Head of household.

Special Rule for Aliens

You may file a joint return with your spouse if, at the end of 1979, you were a nonresident alien married to a citizen or resident of the United States, and you and your spouse agree to be taxed on your combined world-wide income.

For more details, please get **Publication 519, U.S.** Tax Guide for Aliens.

Note: If you are in doubt about whether to file a joint return or separate returns (discussed on page 8), figure your tax both ways before deciding. If you want us to figure your tax for you, we will do it the way that gives you the smaller tax.

Filing Status Box 3

Married Filing a Separate Return

Some married taxpayers file separate returns because each wants to be responsible for only his or her own tax or wants to receive his or her own refund. Others file separate returns because their total tax may be less than the tax on a joint return.

If you file a separate return, enter your spouse's full name in the space after Box 3 and your spouse's social security number in the block provided. You each report only your own income, exemptions, and credits, and you are responsible only for the tax due on your own return. Both of you must figure your tax the same way. If you itemize your deductions, your spouse must itemize. (In that case, both of you must file Form 1040 instead of Form 1040A.)

Community Property States

Community property States are: Arizona, California, Idaho, Louisiana, Nevada, New Mexico, Texas, and Washington.

If you and your spouse live in a community property State, you must follow State law to determine what is community income and what is separate income.

For more details, please get **Publication 555**, Community Property and the Federal Income **Tax**.

Married Persons Who Live Apart (and Abandoned Spouses)

Some married persons can file as Single or as Head of household and take advantage of tax rates that are lower than those for married persons filing separate returns. This means that you may be able to claim the earned income credit. It also means that if your spouse itemizes deductions, you do not have to. You and your spouse can file this way if you both meet the tests.

You should check Box 1 for Single, and lower your taxes, if you meet all of the following tests:

- a. You file a separate return;
- b. You paid more than half the cost to keep up your home for 1979;
- c. Your spouse did not live with you at any time during 1979; and
- d. For over 6 months of 1979, your home was the principal residence of your child or stepchild whom you can claim as a dependent.

You should check Box 4 for Head of household if your home in test **d**, above, was the dependent child's principal residence for ALL of 1979. The tax rates for Head of household are even lower than the rates for Single.

Filing Status Box 4

Head of Household

There are special tax rates for a person who can meet the tests for Head of household. These rates are lower than the rates for Single and Married filing a separate return. You may use this filing status only if on December 31, 1979, you were unmarried (including certain married persons who live apart (and abandoned spouses)) or legally separated, and meet test a. or b. below:

- **a.** You paid more than half the cost of keeping up a home which was the principal residence of your father or mother whom you can claim as a dependent. (Your parent did not have to live with you.)
- **b.** You paid more than half the cost of keeping up the home you lived in and one of the following also lived in all year (except for temporary absences for vacation, school, etc.):
 - 1. Your unmarried child, grandchild, foster child, or stepchild. (This person did not have to be your dependent.)

Note: If you are filing as Head of household because of an unmarried child, grandchild, foster child, or stepchild who is not your dependent, enter that person's name in the space provided on line 4. Enter only one name. If any other person qualifies you for Head of household, no entry is needed.

- 2. Your married child, grandchild, foster child, or stepchild whom you can claim as a dependent. However, this person does not qualify you if he or she is your dependent under the rules on page 10 for Dependent Supported by Two or More Taxpayers.
- 3. Any other person listed below whom you can claim as a dependent. However, this person does not qualify you if he or she is your dependent under the rules on page 10 for **Dependent Supported by Two or More Taxpayers.**

Grandparent Brother Sister Stepbrother Stepsister Stepmother Stepfather Mother-in-law Father-in-law Brother-in-law Sister-in-law Daughter-in-law Son-in-law or, if related by blood: Uncle Aunt Nephew Niece

Note: If you received payments under the Aid to Families with Dependent Children (AFDC) program and used them to pay part of the cost of keeping up this home, you may not count these amounts as furnished by you.

Lines 5a through 6 Exemptions

Line 5a Boxes For Yourself

Always take one exemption for yourself. Take two exemptions if you were blind or 65 or over. Take three exemptions if you were both blind and 65 or over.

Age and blindness are determined as of December 31. However, if your 65th birthday was on January 1, 1980, you can take the extra exemption for age for 1979.

Proof of Blindness

If you or your spouse is completely blind, attach a statement to this effect. In cases of partial blindness, you must attach to your return each year a certified statement from an eye physician or registered optometrist that:

- a. you or your spouse cannot see over 20/200 with glasses, or
- b. the field of view is not more than 20 degrees.

Page **8** 283–071–1

If this eye condition will never improve beyond the standards in a. or b., you may attach a certified opinion to this effect from an examining eye physician. You must attach this certification to your return only once. In later years you can just include a statement referring to it.

Line 5b Boxes

For Your Spouse

You can take exemptions for your spouse if you file a joint return. If you file a separate return, you can take your spouse's exemptions only if your spouse is not filing a return, had no income, and was not the dependent of someone else.

Your spouse's exemptions are like your own. Take one exemption if your spouse was neither blind nor 65 or over. Take two exemptions if blind or 65 or over. Take three exemptions if both blind and 65 or over.

If at the end of 1979 you were divorced or legally separated, you cannot take an exemption for your former spouse. If you were separated by a divorce that is not final (interlocutory decree), you may still take an exemption for your spouse if you file a joint return.

Death of Spouse

If your spouse died during 1979, and you did not remarry before the end of 1979, check the boxes for the exemptions you could have taken for your spouse on the date of death. *Please* see the instructions for **Death of Taxpayer** on page 13.

Lines 5c and 5d Boxes

Children and Other Dependents

Each person you claim as a dependent has to meet tests **a.** through **e.** below:

a. Income

The dependent received less than \$1,000 gross income. (This test does not have to be met for your child who was under 19 or a full-time student at least 5 months of the year. Please see the instructions for **Student Dependent** on this page.)

b. Support

The dependent received over half of his or her support from you, or is treated as receiving over half of his or her support from you under the rules on page 10 for **Children** of Divorced or Separated Parents, or Dependent Supported by Two or More Taxpayers. If you file a joint return, the support can be from either spouse.

Support includes items such as food, a place to live, clothes, medical and dental care, and education. In figuring support, use the actual cost of these items. However, the cost of a place to live is figured at its fair rental value.

Do not include in support items like income and social security taxes, premiums for life insurance, or funeral expenses for a deceased dependent.

You must include capital items such as a car or furniture in figuring total support, but only if these items are actually given to, or purchased by, the dependent for the dependent's use or benefit. Do not include the cost of a capital item such as furniture for the household or for use by persons other than the dependent.

In figuring total support, you must include money the dependent used for his or her own support, even if this money was not taxable (for example, social security benefits, gifts, savings, welfare benefits, etc.). If your child was a student, do not include amounts he or she received as scholarships.

For more information get **Publication 501**, Exemptions.

c. Married Dependent

The dependent did not file a joint return with his or her spouse.

d. Citizenship or Residence

The dependent was a citizen or resident of the United States, a resident of Canada or Mexico, or an alien child adopted by and living with a U.S. citizen in a foreign country.

e. Relationship

The dependent met test 1. or 2. below.

1. Was related to you (or your spouse if you file a joint return) in one of the following ways:

Brother Child Stepmother Sister-in-law Stepchild Sister Stepfather Daughter-in-law Mother Grandchild Mother-in-law Son-in-law Father Stepbrother Father-in-law Grandparent Brother-in-law Stepsister or, if related by blood

Uncle Nephew Aunt Niece

2. Was any other person who lived in your home as a member of your household for the whole year.

The term child includes:

- your son, daughter, stepson, stepdaughter;
- a child who lived in your home as a member of your family if placed with you by an authorized placement agency for legal adoption; and
- a foster child who lived in your home as a member of your family for the whole year.

Student Dependent

Even if your child had income of \$1,000 or more, you can claim the child as a dependent if he or she can meet tests **b., c.,** and **d.** above.

AND

- was enrolled as a full-time student at a school during any 5 months of 1979, or
- took a full-time, on-farm training course during any 5 months of 1979. (The course had to be given by a school or a State, county, or local government agency.)

The school must have a regular teaching staff, course of study, and a regularly enrolled body of students in attendance.

The term school includes:

- elementary, junior and senior high schools;
- colleges and universities;
- technical, trade, and mechanical schools; and
- night schools in which the student is enrolled for the number of hours or classes that is considered full-time attendance at a similar day school.

The term school does not include on-the-job training courses or correspondence schools.

Children of Divorced or Separated Parents

If a child's parents together paid more than half of the child's support, the parent who has custody for most of the year can generally take the exemption for that child. But there are exceptions. The parent who does not have custody (or who has the child for the shorter time) may take the exemption if a. or b. below applies.

- a. That parent gave at least \$600 toward the child's support in 1979, and the decree of divorce or separate maintenance (or a written agreement between the parents) states he or she can take the exemption, OR
- **b.** That parent gave \$1,200 or more for each child's support in 1979, and the parent who had custody cannot prove that he or she gave more than the other parent gave.

Note: To figure the amount of support, a parent who has remarried and has custody may count the support furnished by the new spouse.

Dependent Supported by Two or More Taxpayers

Sometimes two or more taxpayers together pay more than half of another person's support, but no one alone pays over half of that person's support. One of the taxpayers may claim the person as a dependent if **all** of the following tests are met:

- 1. The tests for income, married dependent, citizenship or residence, and relationship discussed on page 9,
- 2. The taxpayer paid more than 10% of the dependent's support, and
- 3. The taxpayer attaches to his or her return a signed Form 2120, Multiple Support Declaration, from every other person who paid more than 10% of the support. This form states that the person who signs it will not claim an exemption in 1979 for the person he or she helped to support.

Birth or Death of Dependent

You can take an exemption for a dependent who was born or who died during 1979 if he or she met the tests for a dependent while alive. This means that a baby who lived only a few minutes can be claimed as a dependent.

For more information, please get **Publication 501,** Exemptions.

Rounding Off to Whole Dollars

You may round off cents to the nearest whole dollar on your return. But, if you do round off, do so for all amounts. You can drop amounts under 50 cents. Increase amounts from 50 to 99 cents to the next dollar. Example: \$1.39 becomes \$1 and \$2.69 becomes \$3.

Line 7Wages, Salaries, Tips, etc.

Enter the total of all the wages shown on your W-2 forms. Report all wages you received even if you don't have a W-2 form. If all your tips are not shown on your W-2 forms, add these amounts in too. For a joint return, add the totals for you and your spouse.

If you lose a W–2 form, ask your employer for a new one. If your employer does not give you a W–2 form by January 31, or if the one you have is not correct, contact your employer as soon as possible. Only your employer can issue your W–2 form or correct it. If you can't get a W–2 form from your employer by February 15, contact an Internal Revenue Service office.

Line 8 Interest Income

Enter your total interest income from banks, savings and loan associations, credit unions, and others. Include any interest you received or which was credited to your account so you could withdraw it. (It does not have to be entered in your passbook.) Be sure to include interest on tax refunds.

Line 9 Dividends

Show all your ordinary dividends on line 9a. Fill in your exclusion on 9b. Then subtract 9b from 9a and show the difference on 9c.

You can exclude (subtract), on line 9b, up to \$100 of dividends from qualifying domestic corporations.

If both you and your spouse had dividend income from jointly or separately owned stock, you may each subtract up to \$100 of dividend income. Thus, if you are married filing a joint return, you and your spouse may be able to subtract up to \$200 of dividend income. However, neither of you can use any part of the \$100 exclusion not used by the other in the case of stock owned separately.

For example, in our filled-in form on page 6, John Brown had \$200 in dividends and Mary Brown had \$20 on stock they owned separately. Only \$120 may be excluded. If this stock was owned jointly, then John and Mary could exclude \$200 (\$100 each).

Taxable dividends from the following corporations **do not** qualify for the dividends exclusion:

- a. Foreign corporations, including dividends from controlled foreign corporations.
- **b.** Exempt organizations (charitable, fraternal, etc.) and exempt farmers' cooperative organizations.
- c. Regulated investment companies, unless the companies have told you how much of the dividends qualify for the exclusion.
- **d.** Real estate investment trusts (REITS).
- e. Electing small business corporations to the extent the amounts are distributions out of current earnings and profits. For this purpose, current earnings and profits are limited to taxable income for the year.

Note: Earnings from savings and loan associations, building and loan associations, or credit unions are often called dividends, but they are really interest and should be shown on line 8.

Lines 10a and 10b

Unemployment Compensation

Under prior tax law, unemployment compensation payments were not included in gross income. However, the Revenue Act of 1978 provides that unemployment compensation you receive after 1978 may be subject to Federal income tax under certain conditions.

You should get a statement, on Form 1099–UC, showing the total unemployment compensation paid to you during the year. For payments in 1979, you should receive this statement by January 31, 1980.

Part or all of the unemployment compensation you receive must be included in your income if the total of the unemployment compensation you receive and your other income is more than:

- \$20,000 if you are single (or married, not filing a joint return and did not live with your spouse at any time during the year):
- \$25,000 if you are married and file a joint return; or
- Zero if you are married, not filing a joint return, and lived with your spouse at any time during the year.

Enter on line 10a the amount from Form 1099–UC. To determine if any of the unemployment compensation you received is taxable, please complete the worksheet.

Add the amounts on lines 7, 8, 9c, and 10b. If line 11 is less than \$10,000, you may be eligible for the Earned Income Credit. Please see page 2 of the instructions.

If line 11 is \$20,000 or less (\$40,000 or less if married filing a joint return), please continue.

If line 11 is more than \$20,000 (more than \$40,000 if married filing a joint return) you **CANNOT** use Form 1040A. You **MUST** file Form 1040.

Line 12a Credit for Contributions to Candidates for Public Office

Add up the amounts you gave to help pay campaign expenses of candidates for public office, to political committees, and to newsletter funds of candidates and elected public officials. If you are filing a separate return, enter HALF the amount you gave, but NOT MORE THAN \$50. If you are married, filing a joint return, enter HALF the amount you gave, but NOT MORE THAN \$100.

Note: This credit cannot be larger than the amount of the tax shown on line 14a.

Do not take this credit for the \$1 or \$2 amount you checked to go to the Presidential Election Campaign Fund.

IRS Will Figure Your Tax and Your Earned Income Credit if You Qualify

If you want us to, we will figure your tax for you. If you paid too much, we will send you a refund. If you did not pay enough, we will bill you for the balance. You will not be charged interest or penalties if the bill for tax due is paid within 30 days of the notice date, or by the due date for your return, whichever is later. We can do this if:

- a. You fill in the parts of your return through line 12a that apply to you. The instructions which start on page 7 explain how to fill in your return.
- **b.** You use the space between lines 7 and 8 to show your adjusted gross income and your spouse's adjusted gross income separately, if you file a joint return.
- c. You attach all of your W-2 forms to your Form 1040A.
- d. You (and your spouse if filing a joint return) sign and date your return and mail it on or before April 15, 1980.

If you do not want IRS to figure your tax, complete the rest of your return as follows:

Line 12b

Total Federal Income Tax Withheld (Including Excess FICA and RRTA Tax)

Enter the amount of Federal income tax withheld as shown on your W-2 form. If you have more than one W-2 form, add the amounts of income tax withheld. If you are filing a joint return, add the amounts withheld for you and your spouse. You should also add any excess FICA or RRTA tax. This is explained below.

Too much social security (FICA) tax and railroad retirement (RRTA) tax may have been withheld from your wages if you checked Filing Status Box 2 and you had two or more employers in 1979 who together paid you more than \$22,900 in wages. If so, you can add the excess amount to your income tax withheld. If both you and your spouse had two or more employers in 1979, you have to figure this separately for each of you.

Step	1.	Add all FICA and RRTA tax with-
		held by employers from your wages
		for 1979 (but not more than
		\$1,403.77 for each employer).* En-
		ter the total here

*Note: If any one employer withheld more than \$1,403.77, you should ask the employer to refund the excess to you. You cannot claim it on your return. If you included any excess FICA or RRTA tax on line 12b, write "excess FICA" and show the amount to the left of the line 12b entry space.

If you are a railroad employee and if you are adding the excess to your income tax withholding, attach a statement from your employer showing the amount of employee RRTA compensation and the amount of RRTA tax withheld.

Line 12c Earned Income Credit

If line 11 is less than \$10,000, see the Earned Income Credit Worksheet and instructions on page 2. You may be entitled to a refundable credit based on your earned income (line 7). If you can take the credit, enter on line 12c the credit from line 3 or 4 of this worksheet, whichever applies.

For example, in our filled-in form, the Browns' earned income credit was figured as follows:

Earned Income Credit Worksheet

Line 14a

Income Tax

To find your tax, use the appropriate Tax Table. If you checked Form 1040A:

Filing Status Box 1, use Tax Table A (Single) on pages 15–16.

Filing Status Box 2, use Tax Table B (Married Filing Joint Return) on pages 17–21.

Filing Status Box 3, use Tax Table C (Married Filing Separate Return) on pages 22–23.

Filing Status Box 4, use Tax Table D (Head of Household) on pages 24–26.

Instructions for using the Tax Tables are at the beginning of each Table. After you have found the correct tax, enter that amount on line 14a.

The tax shown in the tax tables has been figured so that it already includes your zero bracket amount and your deduction for exemptions.

Note: If your income or exemptions are not covered in the tax table for your filing status, you must file Form 1040 and Schedule TC (Form 1040).

Line 14b

Advance Earned Income Credit Payments

Enter the total of the Advance Earned Income Credit Payments as shown on your W-2 form(s).

Line 16 Your Refund

If line 13 is larger than line 15

Subtract line 15 from line 13 and show the difference on line 16. This is the amount that will be refunded to you.

If line 16 is less than \$1, we will not send you a refund unless you ask for it when you file your return.

If the refund IRS owes you is large, you should see your payroll office about reducing the amount of tax that is withheld from your wages. See **Do You Want More or Less Income Tax Withheld in 1980** on page 14.

Page 12 283-071-1

Note: If you move after filing your return and you are expecting a refund, you should notify the post office that serves your old address. Also, notify the Internal Revenue Service Center where you filed your return of your address change. This will help in forwarding your check to your new address as soon as possible. Please be sure to include your social security number in any correspondence with the IRS.

Line 17 Balance Due IRS

If line 15 is larger than line 13

Subtract line 13 from line 15 and show the difference on line 17. This is the balance you still owe. If line 17 is less than \$1, you do not have to pay.

You may pay by check or money order made payable to "Internal Revenue Service." Please write your social security number on your check or money order and attach it to your return.

If your payment due IRS is large, you should see your payroll office about increasing the amount of tax withheld from your wages. See **Do You Want More or Less Income Tax Withheld in 1980** on page 14.

Completing Your Return

Sign and Date Your Return

Form 1040A is not considered a return unless you sign it. Your spouse must also sign if it is a joint return.

Did You Have Someone Else Prepare Your Return? If you fill in your own return, the space under your signature should remain blank.

If someone prepares your return and does not charge you, that person should not sign your return. Certain others who prepare your return should not sign. For example, your regular, full-time employee or your partner in business does not have to sign. (This list is not all-inclusive.)

Generally, anyone who is paid to prepare your tax return must sign your return and fill in the other blanks in the Paid Preparer's Information area of your return.

If the preparer is self-employed (that is, is not employed by any person or business entity to prepare the return), he or she should check the "self-employed" box in the preparer's section of Form 1040A.

Partners who prepare income tax returns as members of a partnership are considered to be employees for purposes of the income tax return preparer rules **only**, and should **not** check the "self-employed" box. The partners are still considered self-employed for self-employment tax purposes.

If you have questions about whether a preparer is required to sign your return, please contact an IRS office.

The person required to sign your return MUST complete the required preparer information and:

- Sign it, by hand, in the space provided for the preparer's signature. (Signature stamps or labels are not acceptable.)
- Give you a copy of your return in addition to the copy to be filed with IRS.

Tax return preparers should be familiar with their responsibilities. **Publication 1045**, Information for Preparers of Federal Income Tax Returns, lists some of the preparer's other responsibilities and penalties for which he or she may be liable. The publication also contains the regulation citations which govern their work.

General Information

Death of Taxpayer

Did the taxpayer die before filing a return for 1979? If so, the taxpayer's spouse or personal representative must file a return for the person who died. A personal representative can be an executor, administrator, or anyone who is in charge of the taxpayer's property.

If the taxpayer did not have to file a return but had tax withheld, a return must be filed to get a refund.

If your spouse died in 1979 and you did not remarry in 1979, you can file a joint return. You can also file a joint return if your spouse died in 1980 before filing a return for 1979. A joint return should show your spouse's 1979 income before death and your income for all of 1979. Please write "Filing as surviving spouse" in the area where you sign the return. If someone else is the personal representative, he or she must also sign.

Show the date of death in the name and address space of Form 1040A.

If you want more details, please get **Publication 559**, Tax Information for Survivors, Executors, and Administrators.

Recordkeeping

Keep records of income and credits appearing on your tax return until the statute of limitations runs out for that return. Usually this is 3 years from the date the return was due or filed, or 2 years from the date the tax was paid, whichever is later. Also keep copies of your filed tax returns as part of your records. You should keep some records longer. For example, keep property records (including those on your own home) as long as they are needed to figure the basis of the original or replacement property.

For more details, get **Publication 552**, Recordkeeping Requirements and a List of Tax Publications.

Penalties and Interest

Late Filing of Return

The law provides a penalty of from 5 percent to 25 percent of the tax due for filing late unless you can show reasonable cause for the delay. If you file a return late, attach a full explanation to your return.

Late Payment of Tax

The penalty for not paying tax when due is 1/2 of 1 percent of the unpaid amount for each month or part of a month it remains unpaid. The maximum penalty is 25 percent of the unpaid amount. The penalty applies to any unpaid tax shown on a return. It also applies to any additional tax shown on a bill that is not paid within 10 days from the date of the bill. This penalty is in addition to the applicable interest charge on late payments.

Interest

Interest will be charged on taxes not paid on or before their due date.

Do You Want More or Less Income Tax Withheld in 1980?

If the amount due IRS on line 17, or the refund IRS owes you on line 16, is large, you should see your payroll office. Ask about filling out a new Form W-4 to change the amount of tax to be withheld from your wages. A working married couple may need to increase the amount of tax withheld from one or both of their wages to avoid owing a large payment when filing their return.

If you go back to work after a period of unemployment, you may reduce the amount of income tax withheld if your employer agrees to use the part year method of withholding. There are also other methods which could reduce your withholding. For more details, see your employer or get **Publication 505**, Tax Withholding and Estimated Tax.

If you expect your income in 1980 to be less than \$10,000, you may be eligible for advance payment of your earned income credit during 1980. See your payroll office for further information on filing Form W–5, Earned Income Credit Advance Payment Certificate.

Declaration of Estimated Tax

In general, you do not have to file a declaration if you expect that your 1980 tax return will show a tax refund, OR a tax balance due IRS of less than \$100. However, if you file a declaration for 1980, you must use Form 1040 to claim the payments you made.

Please see Form 1040-ES for more details.

Penalty for Not Paying Enough Tax During the Year If line 17 is \$100 or more and more than 20 percent of line 15, file Form 1040 and attach Form 2210. You may owe a penalty unless you meet one or more of the exceptions explained on Form 2210.

Amended Return

Use Form 1040X to change an income tax return you have already filed (Form 1040 or Form 1040A).

If your return is changed for any reason, it may affect your State income tax liability. This would include changes made as a result of an examination of your return by the IRS. Contact your State tax agency for more information.

Privacy Act Notice

The Privacy Act of 1974 says that each Federal agency that asks you for information must tell you:

- a. Its legal right to ask for the information and whether the law says you must give it.
- **b.** What major purposes the agency has in asking for it, and how it will be used.
- c. What could happen if the agency does not receive it.

For the Internal Revenue Service, the law covers:

- Tax returns and any papers filed with them.
- Any questions we need to ask you so we can—

Complete, correct, or process your return.

Figure your tax.

Collect tax, interest, or penalties.

Our legal right to ask for information is Internal Revenue Code sections 6001 and 6011 and their regulations. They say that you must file a return or statement with us for any tax you are liable for. Code section 6109 and its regulations say that you must show your social security number on what you file. This is so we know who you are, and can process your return and papers.

You must fill in all parts of the tax form that apply to you. But you do not have to check the boxes for the Presidential Election Campaign Fund.

We ask for tax return information to carry out the Internal Revenue laws of the United States. We need it to figure and collect the right amount of tax.

We may give the information to the Department of Justice and to other Federal agencies, as provided by law. We may also give it to States, the District of Columbia, and U.S. commonwealths or possessions to carry out their tax laws. And we may give it to foreign governments because of tax treaties they have with the United States.

If a return is not filed, or if we don't receive the information we ask for, the law provides that a penalty may be charged. And we may have to disallow the exemptions, exclusions, credits, deductions, or adjustments shown on the tax return. This could make the tax higher or delay any refund. Interest may also be charged.

Please keep this notice with your records. It may help you if we ask you for other information.

If you have questions about the rules for filing and giving information, please call or visit any Internal Revenue Service office.

This is the only notice we must give you to explain the Privacy Act. However, we may give you other notices if we have to examine your return or collect any tax, interest, or penalties.

Single (Filing Status Box 1)

(For single persons with income of \$20,000 or less on Form 1040A, line 11, who claim 3 or fewer exemptions)

To find your tax: Read down the income column until you find your income as shown on Form 1040A, line 11. Read across to the column headed by the total number of exemptions claimed on

Form 1040A, line 6. The amount shown where the two lines meet is your tax. Enter on Form 1040A, line 14a.

The \$2,300 zero bracket amount and your deduction for exemptions have been taken into account in figuring the tax shown in this table. **Do not take a separate deduction for them.**

Caution: If you can be claimed as a dependent on your parent's return AND you have unearned income (interest, dividends, etc.) of \$1,000 or more AND your earned income is less than \$2,300, you must use Form 1040.

Married Filing Separate Return (Filing Status Box 3)

(For married persons filing separate returns with income of \$20,000 or less on Form 1040A, line 11, who claim 3 or fewer exemptions)

To find your tax: Read down the income column until you find your income as shown on Form 1040A, line 11. Read across to the column headed by the total number of exemptions claimed on Form 1040A, line 6. The amount shown where the two lines meet

is your tax. Enter on Form 1040A, line 14a.

The \$1,700 zero bracket amount and your deduction for exemptions have been taken into account in figuring the tax shown in this table. Do not take a separate deduction for them.

Caution: You must use Form 1040 if: (1) Your spouse itemizes deductions, OR (2) You can be claimed as a dependent on your parent's return AND you have unearned income (interest, dividends) of \$1,000 or more AND your earned income is less than \$1,700.

(For unmarried (including certain married persons who live apart and abandoned spouses) or legally separated persons who qualify as heads of household with income of \$20,000 or less on Form 1040A, line 11, who claim 8 or fewer exemptions)

To find your tax: Read down the income column until you find your income as shown on Form 1040A, line 11. Read across to the column headed by the total number of exemptions claimed on Form 1040A, line 6. The amount shown where the two lines meet is your tax. Enter on Form 1040A, line 14a.

The \$2,300 zero bracket amount and your deduction for exemptions have been taken into account in figuring the tax shown in this table. Do not take a separate deduction for them.

To Call IRS Toll-Free for Answers to Your Federal Tax Questions, Use Only the Number Listed Below for Your Area

Caution:

"Toll-free" is a telephone call for which you pay only local charges with no long-distance charge. Please use a local city number only if it is not a long-distance call for you. Otherwise, use the general toll-free number given.

We are happy to answer questions to help you prepare your return. But you should know that you are responsible for the accuracy of your return. If we do make an error, you are still responsible for the payment of the correct tax.

To make sure that courteous and correct answers are given to taxpayers, a

second IRS employee sometimes listens in on telephone calls. No record is kept on any taxpayer's name, address, or social security number.

If you find it necessary to write instead of calling, please address your letter to your IRS District Director for a prompt reply.

How to Get Forms.

Generally, we mail forms and schedules directly to you based on what seems to be right for you. If you must file Form 1040 instead of Form 1040A, you may use the order blank on page 31 to get the forms and schedules you need. You can also get them from Internal Revenue Service offices and at many banks and post offices.

Where to Send Your Order for Free Forms and Publications.

Send your order to the "Forms Distribution Center" for your State. If there is more than one Center for your State, send the order to the Center nearest you.
